

UP THE EAST
Gallina/Lee

Pillars colored yellow black and red
There's a cold feeling in my head tonight
and it don't mean a thing
Black and white is turning into gray
There's a dark stillness in their faces yeah
and it don't mean a thing

and yeah yeah yeah yeah a feelin' in my soul
and yeah yeah yeah yeah I think it's time to go
and yeah yeah yeah yeah messin' with my brain
and yeah yeah yeah yeah I don't recall your name

Crossin' on your bridges everyday
Do you even know just what they're takin yeah
cause it don't mean a thing
Watchin' on your television bright
do you even know just what you've compromised
cause it don't mean a thing

and yeah yeah yeah yeah a feelin' in my soul
and yeah yeah yeah yeah I think it's time to go
and yeah yeah yeah yeah messin' with my mind
and yeah yeah yeah yeah do you think that it's alright

Crossin on your bridges everyday
Do you even know just what they're takin yeah
Cause it don't mean a thing

and yeah yeah yeah yeah a feelin' in my soul
and yeah yeah yeah yeah I think it's time to go
and yeah yeah yeah yeah messin' with my brain
and yeah yeah yeah yeah I don't recall your name
and yeah yeah yeah yeah a feelin' in my soul
and yeah yeah yeah yeah I think it's time to go
and yeah yeah yeah yeah messin' with my mind
and yeah yeah yeah yeah do you think that it's alright

GET IT UP
Gallina/ Lee

Feel the wind rushin' in
Feel the rhythm from my head to my toes
I'm gonna stake a claim and leave my name
Let all the world know your Mama's got your MOJO

Feel the ground, hear the sound
Funky music, you know you can't refuse it
Touch the sky, let your body fly
Put your hands inside it, your Mama's gonna like it

Into me...get it up...get it up
Can't you see that you're knockin' up my senses
Down below...get it up...get it up
That's the only way to get it up...get it up

Feel my skin, warm and thin
Nice and brown, yeah you got to wrap around it
Feel the love, comin' from above
Baby don't you lose it, your Mama's got to use it

Into me...get it up...get it up
Can't you see that you're knockin' up my senses
Down below...get it up...get it up
That's the only way to get it up...get it up

Alright now, that's one for me two for you
My baby's gotta go where my baby wants to
I said I know, I know...oh yeah

Into me...get it up...get it up
Can't you see that you're knockin' up my senses
Down below...get it up...get it up
That's the only way to get it up...get it up

Alright now, that's one for me two for you
My baby's gotta go where my baby wants to
I said I know, I know...oh yeah

SHE'S SO LONELY Gallina/Lee

A pretty smile that used to buy a lot a cigarettes
a cup of coffe and a peep show
It took a notion all the treasure you can have with that
It ain't the money , it's the after...yeah
and maybe now you got the black cloud
and maybe you don't know
and maybe now you're talkin too loud
get out the zen and go...go

she's so lonely, she's so lonely, she's so lonely, she's so lonely

Little dragon with a chip inside her heart
Little boys are fallin on the ground
Little t-shirt and a shiny red convertible
It ain't the money it's the howlin... yeah
and every silver ain't a linin
every dog don't have his day
and every sun ain't always shinin
get out your book and pray...yeah

she's so lonely, she's so lonely, she's so lonely, she's so lonely

You watch the menu but you never wanna eat at home
You wanna play but you don't wanna pay
You got the rhythm but your feet ain't stayin on the floor
It ain't the money's all that you say...yeah
and every silver ain't a linin
every dog don't have his day
and every sun ain't always shinin
get out your book and pray...yeah

she's so lonely, she's so lonely, she's so lonely, she's so lonely

WOE IS ME
Gallina/ Lee

Was 8 o'clock I saw you ridin' through the gate had to stand there
And every part of me was left to turn right side in...out

I said oh yeah

It took a day or two before we started talkin' bout the honeymoon
You kissed my lips and I said baby why'd you wait so long

Woe is me, what can this be
You got me reelin', you got the right hand
Woe is me, what can this be
You got me reelin', you got the right hand

We laughed and drank and smoked and partied all the night 'til the mornin' came
I felt so bad and you said "baby just take this pill"

Woe is me, what can this be
You got me reelin', you got the right hand
Woe is me, what can this be
You got me reelin', you got the right hand

EL MOJO
Gallina/Lee

Long time to tell my story
Run fast to get ahead now
Too slow you fall behind me
So sad the stories over

HEY
Gallina/Lee

Hey I'd follow you til the end the end of the world
and Hey I'd give you all that i have if you would just say the word
Hey now won't you be mine
won't you be won't you be
Hey pretty one won't you be mine
leavin the past leavin the past running running

She loved him with all that she could just like a storybook
and he promised he'd be there for good but promises weren't enough
and just like a cloud over the sun
covering covering
Hey pretty one won't you come
leavin the past leavin the past running running

Feel the spirit inside when you smile everything goes away
Love that you just can't hide and the words that you happily give away
Hey now won't you be mine
won't you be won't you be
Hey pretty one won't you be mine
leavin the past leavin the past coming coming
hey

ANOTHER DOG DAY
Gallina/Lee

Another dog day I'm waitin', the heat to come through me
Another black hole I'm diggin', the earth to move me
Another way I'm tryin, I've seen their faces many times
And what they feel, it isn't real- Another dog day

Another brick wall I'm buildin', a way to climb through there
Another fast track I'm ridin', a way to fly where
I can be my story, an open book without a page
It isn't real, just what they feel- Another brick wall

And it's time, and it's alright
Yes it's time, and it's alright

Another wet rain I'm missin' the cool to soothe me
Another cold wind I'm wantin' to rock and roll me
Another kiss I'm dreamin' Another face another time
And what i feel is so real- Another wet rain

And it's time, and it's alright
Yes it's time, and it's alright
